

REQUEST FOR PROPOSALS (RFP)
FOR
DESIGN AND ENGINEERING SERVICES
FOR THE NEW WATER WELL

Nos. 30 and 31

Beaumont-Cherry Valley Water District
Attn: **Daniel Jagers**
560 Magnolia Avenue
Beaumont, CA 92223
dan.jagers@bcvwd.org

Approved for Release:

Director of Engineering
Beaumont-Cherry Valley Water District

KEY RFP DATES (Subject to change at discretion of District):

Issue Date:	<u>August 10, 2017</u>
District Project Manager:	<u>Daniel Jagers</u>
Letter of Intent:	<u>August 22, 2017</u>
Pre-Proposal Meeting (optional):	<u>August 24, 2017</u>
Deadline for Requests for Information:	<u>August 25, 2017</u>
Proposal Due Date:	<u>September 06, 2017</u>
Presentation/interviews (optional):	<u>Will be notified if applicable</u>
Anticipated Projected Award Date:	<u>October 11, 2017</u>
Anticipated Design Completion:	<u>June 07, 2018</u>

**ATTENTION: CONTRACTORS AND SUBCONTRACTORS MANDATORY
REQUIREMENT for
DEPARTMENT OF INDUSTRIAL RELATIONS REGISTRATION**

Contractors and subcontractors are required to be registered with the Department of Industrial Relations in order to 1) submit a bid or be listed on a bid for a public works project, or 2) work on a public works project awarded on or after April 1, 2015.

Application Process

Registration and renewal costs with DIR are \$400 and covers the fiscal year (July 1st – June 30th). Credit card payments can be processed within 24 hours, while other forms of payment may delay registration for up to eight weeks.

It is the Contractors responsibility to keep registration current with DIR. If the contractor is found to be out of compliance with DIR it is at BCVWD's discretion

- **Activate or renew your contractor registration**
 - [Instructions for completing the contractor registration and renewal application](#)
 - [Contractor registration training video](#)

- [Frequently Asked Questions](#)

Who is required to register? Any Contractor or Subcontractor who bids on or performs work that requires the payment of prevailing wages under state law must be registered with DIR. This includes not only work performed by the building and construction trades, but also other types of work, including trucking, surveying, and testing, if that work is subject to prevailing wage requirements.

To be eligible Contractors and Subcontractors must:

- Be in good legal standing with no outstanding judgments or liens owed to workers or to the State of California.
- Not be [debarred from doing public works](#) by the United States Department of Labor or any state that has public works debarment laws.
- Have a California Contractors State License if one is required (non-construction contractors must provide their professional license number if one exists for their profession).
-

To learn more about Public Works Contractor Registration, please read the [Public Works Reforms \(SB 854\) fact sheet](#) and the [frequently asked questions](#). If you have additional questions about contractor registration, please [contact DIR](#) for assistance.

NOTICE INVITING PROPOSALS

NOTICE IS HEREBY GIVEN that proposals will be received from qualified firms for Design and Engineering Services for a New Water Well Nos. 30 and 31.

Responses to this Request for Proposal (RFP) will be accepted until September 6, 2017 at 3:00 p.m. Proposals received after this date/time will not be considered and will be returned unopened. It is the responsibility of the proposer to ensure that any proposals submitted have sufficient time to be received by the Beaumont-Cherry Valley Water District (BCVWD) prior to this proposal due date and time.

Proposals shall be enclosed in a sealed envelope and marked clearly with following information, formatted as follows:

"SEALED PROPOSAL FOR
DESIGN AND ENGINEERING SERVICES FOR THE NEW WATER

WELL Nos. 30 AND 31

DO NOT OPEN WITH REGULAR MAIL."

Beaumont-Cherry Valley Water District

Attn: **Daniel Jagers**

560 Magnolia Avenue

Beaumont, CA 92223

Proposals shall be mailed, hand delivered, or sent by courier service.

Proposals shall NOT be sent via telegraphic, electronic or facsimile.

All notifications, updates and addenda will be posted on the District's "Current Solicitations" page at http://www.bcvwd.org/current_solicitations.html. Proposers shall be responsible for monitoring the site to obtain information regarding this solicitation. Failure to respond to required updates may result in a determination of a nonresponsive proposal.

LETTER OF INTENT: Interested firms shall submit a Letter of Intent of their pending proposal to the noted Project Manager by the required date as shown on the cover page of this RFP. Letters shall be forwarded via certified mail or email. The purpose of the Letter of Intent is to provide point of contact information between the District Project Manager and the proposed bidder.

BCVWD's regular office hours are 8 a.m. to 5 p.m., Monday – Thursday.

**BEAUMONT-CHERRY VALLEY
WATER DISTRICT**

**REQUEST FOR PROPOSAL
DESIGN AND HYDROGEOLOGIC/ENGINEERING SERVICES FOR
CONSTRUCTION OF NEW WATER WELL Nos. 30 AND 31**

**NOTICE TO PROPOSERS / PROPOSAL SUBMITTAL
INSTRUCTIONS**

1. DUE DATE AND TIME: Proposals for design and hydrogeologic/engineering services for construction of New Water Well Nos. 30 and 31, as described herein, will be received by the District until date and time shown on “Notice of Inviting Proposals”. Any changes to this RFP are invalid unless specifically modified by District and issued as a separate addendum document. Should there be any question as to changes to the content of this document; the District’s copy shall prevail. It is the Proposer’s sole responsibility to ensure that their proposal, inclusive of any or all addenda, is received by the District at the stated time and place. Any proposal received after the scheduled closing time for receipt of proposals will not be considered and will remain unopened.
2. Proposals must be submitted to the District as set forth in this Request for Proposal document. Unless otherwise specified, proposals submitted by any other method than that set forth herein will be disqualified.

SECTION I – PROJECT INTRODUCTION AND OVERVIEW

A. General Overview:

The District was formed in 1919 as an Irrigation District under California Water Code §20500 et seq. to provide domestic and irrigation water to the city of Beaumont, the community of Cherry Valley, and surrounding area. The service area of the District covers approximately 28 square miles, and the District's sphere of influence covers approximately 37.5 square miles, virtually all of which is located within the County of Riverside, and includes the community of Cherry Valley, the City of Beaumont, and small portions of the City of Calimesa. The District also operates wells and a reservoir north of Riverside County in San Bernardino County.

The District has historically diverted surface water and pumped shallow groundwater in Little San Gorgonio Creek (also called Edgar Canyon) north of Beaumont, and conveyed that water through pipelines to the use areas. As the need for water increased, the District installed additional wells in Edgar Canyon and the Beaumont Basin. Currently, the District is not operating their wells in Noble Canyon. Since the early 1900s, the District has captured and extracted much of their water supply from their wells located in Edgar Canyon through percolation of surface flows in District ponds.

Historically, the principal industry in the Beaumont and Cherry Valley area has been agriculture. Existing agriculture areas within the District's service area are gradually being converted to residential uses with major tract housing developments being constructed and being planned for the area. In consideration of the ongoing growth in the area, the District has identified an upcoming shortfall in the water production capacity due to local area development as well as loss of production due to three existing wells being adversely affected with Chromium VI above the maximum contaminant levels allowed by the State of California. At this time, the District has identified the need for additional wells as a key element in water supply to support continued growth within the District's sphere of influence.

B. Purpose Of Request For Proposal:

The District is currently seeking proposals from qualified engineering and/or geological consulting firms for design and environmental services required for this project. The services would include the work described hereafter and detailed in Section III: Scope of Work and Technical Specifications.

The District has currently budgeted for up to four (4) potential new well locations for new municipal wells and the intent of this proposal is to provide hydrogeologic services related to two (2) of the four (4) budgeted wells. Based upon the Districts production wells in the area, District staff identifies that the anticipated well yield could produce sustainable flow rates ranging from 1,500 to 2,600 gallons per minute (GPM). Based upon District production wells in the area, the District staff identifies that the water quality constituent concentrations (excluding Chromium VI) are typically within the limits of acceptable California Drinking Water Standards. It should be noted that three (3) District wells located on the eastern side of

the District (District Well Nos. 3, 25 and 26) currently have Chromium VI levels above 10 ug/l.

The proposed two (2) new wells identified within this Request for Proposal (RFP) will be designed for use as production wells to supplement the District’s water supply and said Well locations are generally as follows:

1. Proposed Well 30:

Proposed Well 30 is anticipated to be located on the southeast corner of the Noble Creek Regional Park approximately 450 feet north of Oak Valley Parkway (Attachment 1).

2. Proposed Well 31:

Proposed Well 31 is anticipated to be located within Pardee Homes, Sundance Development and is specifically planned to be located on the southwest corner of the Alpine Avenue and Starlight Avenue intersection (Attachment 2).

The District will select a qualified firm to perform the required services for Well Nos. 30 and 31 generally based upon their qualified expertise, project understanding, and price and in accordance with the requirements set forth within this Request for Proposal.

It is the intent of the District to receive responses to the RFP and, if appropriate, conduct individual interviews in order to select a firm which, in the opinion of the District, is best suited to perform the required services. The purpose of this RFP therefore, is to provide the District with the information necessary to select the most qualified firm while obtaining the best price for the requested services.

C. Project Specific Dates:

Table 1 hereafter identifies the project specific estimated dates/time frame for receipt, evaluation, and award of the work specified in this RFP. Please note the following key dates, which are referenced on cover page, when preparing your response to this RFP.

Table 1 – Project Specific Dates

Description	Date
Release of RFP to Firms	8/10/2017
Deadline for Written Letter of Intent Questions Regarding RFP	8/25/2017
Response to Written Questions Regarding RFP	8/31/2017
Proposal Due Date	9/06/2017
Proposal Review (and Possible Short List)	To Be Determined
Firm Interviews (if Applicable)	To Be Determined
Firm Recommendations	10/11/2017
Contract Approval and Approximate Start Date	10/12/2017

D. Selection Criteria:

The Criteria for firm selection will be based on, but not limited to, the following:

1. Firm’s Qualifications and Experience with design of municipal production wells of the size and configuration specified herein.
2. Experience and qualifications of personnel assigned to perform the work.
3. Technical approach and understanding, preparation of project specific plans and specifications for construction of municipal production and/or monitoring wells in accordance to State of California Requirements as well as District Standard Specifications.
4. Fee and Payment Terms.
5. Exceptions Taken to RFP and Sample Agreement (attached).
6. Location of Consultant (i.e. proximity to District Sphere of Influence).

E. Evaluation And Selection Process:

1. Submittal Review: A committee will review and evaluate each submittal to determine if it meets the RFP requirements. Failure to meet the requirements set forth in the RFP will be cause for eliminating the proposer from further consideration.
2. The technical proposals will be evaluated and ranked by a selection committee. The selection committee will establish the ranking order. The District will negotiate with the top ranked firm, if deemed necessary by the selection committee. If agreement cannot be reached with the number one ranked firm, then the negotiations will be terminated and the firm will be informed in writing. The number two ranked firm will then be invited to enter into the negotiations process.
3. The committee may interview the top ranking proposers. The District reserves the right to begin negotiations and enter into an agreement without interview or further discussions.

Description of Work	Weight of Score
Past performance and qualifications of the team members on similar projects	25%
Familiarity with capacity to handle all aspects of the work	20%
Ability to complete the project within the proposed time frame	15%
The proposed project approach, scope, manner, and thoroughness in which it is presented in the proposal	20%
Firm’s experience, staff availability, stability, financial responsibility, and past performance on similar projects	20%

4. Short List: The selected candidates may be short listed to further refine the selection process.

5. The District reserves the right to, at their sole discretion, qualify and select the most qualified firm during the selection process or alternatively through the short list process, conducting interviews to determine the most suitable candidate.

SECTION II – PROPOSAL REQUIREMENTS

The emphasis of the proposal should be on responding to the requirements set forth herein. In addition, proposers need to demonstrate their capabilities, background, expertise, etc. in order for the District to effectively evaluate the proposals, and award to the company that provides the best value to the District based on the selection criteria in Section I. The Proposal should include, at a minimum, the following information:

A. Cover Letter:

B. Executive Summary: to include a brief summary of the firm's origin, background, and size of the company, an organizational chart, the overall capabilities of the organization, appropriate licenses and certifications, and proximity of company's resources to the District's offices and facilities.

C. General Requirements:

The proposal should include the following:

1. An understanding of the project and approach to accomplish the work in a timely and acceptable manner.
2. A detailed description of the services to be provided based on the consultant's understanding of the project scope.
3. A detailed work schedule for all work and time frame for items of work.
4. The individual who will have overall responsibility for the project shall be a Registered Hydrogeologist or Civil Engineer in the State of California.
5. A resume of the key people who will be working on this project, including specifics of experience on similar projects.
6. The proposal shall have a page limit of 20 pages including appendices, tabs, and cover.
7. A not-to-exceed fee based on the services outlined in the Scope of Work MUST be submitted as a hard copy and an electronic copy (smart pdf and excel formats on CD) in a SEPARATE SEALED ENVELOPE.
8. Six (6) hardcopies and one (1) electronic copy (smart pdf on CD) of the proposal shall be submitted to the District.

D. Statement of Qualifications:

1. Qualifications and Experience (Firm and Personnel) – a description of the company's expertise related to services requested and a full discussion of the company's recent experience directly related to providing Hydrogeological Services for Wells. For the size and scope herein provide resumes of key people to address experience and qualifications,

educational background, and skills.

2. Knowledge and experience of hydro-geologic conditions within the Beaumont Groundwater Basin and nearby groundwater basins.
3. Availability – Briefly describe your firm’s and personnel’s ability to meet the District’s needs in a consistent and timely manner.
4. References (Exhibit A) – list three (3) former municipal (preferred) or private clients for whom comparable services have been performed within the last five years. Include the name, mailing address, telephone number, and email address of each client’s principal representative.
5. List of Subcontractors (Exhibit B) – a description of any subcontract arrangements that would be utilized for this discipline of work. Include a full description of the subcontractor’s experience and personnel.

E. Vendor Business Information (Exhibit C):

F. Additions, Deletions and/or Exceptions (Exhibit E): compliance with the District’s contractual terms and/or RFP requirements. The Proposer shall note any additions, deletions and/or exceptions to the contractual terms and/or RFP requirements. If there are no exceptions taken, please note in the form: “There are none”.

G. Project Fee Proposal (Included in a separate sealed envelope clearly labeled “Project Fee Proposal”): said fee schedule shall include hourly rates; rates for all sub- consultants, and percentage markup of reimbursable expenses, if any shall be included. The rates shall be valid for the term of the contract. In the Project Fee Proposal, include the following information:

1. A detailed man-hour estimate by personnel classification for the major portions of the work broken down through each of the task, milestone reports and/or plans.
2. Fees for any subcontractors.
3. A total not-to-exceed fee estimate based on services outlined in Scope of Work.
4. The method of compensation shall be based on a time and expense basis subject to a not-to-exceed amount for the effort to complete the project.

The Beaumont-Cherry Valley Water District (District) reserves the right to withhold award of contract for a period of ninety (90) days following RFP opening. All proposals received are considered firm for that 90-day period.

A contract incorporating the terms and conditions contained herein will be sent to the successful Proposer. Any additional terms and conditions requested or comments by Proposer must be submitted with the proposal (Section II.A.6.: Additions, Deletions and/or Exceptions) and will be considered as part of the selection/negotiation process.

Any questions as to the meaning of the scope of work and/or technical specifications or other pre-proposal documents must be submitted in writing and shall be directed to Daniel K. Jagers at (951) 845-9581, Ext. 217, dan.jagers@bcvwd.org, who will provide instructions for submitting requests. Any and all such interpretations and any supplemental instructions will be sent to all prospective Proposers not later than that date set forth on Section I.C. "Project Specific Dates". All addenda so issued shall become part of the contract documents. Under no circumstances may the Proposer contact any other department or individual for clarification or interpretation of any requirements herein.

The District reserves the right to reject any or all proposals, either separately or as a whole and to waive any informality in a proposal or to accept any proposal presented which it deems best suited to the interest of the District, and is not to be bound to accept the lowest price.

The cost for developing the proposal is the sole responsibility of the Proposer. All proposals submitted become the property of the District. If any pages are deemed as classified or proprietary those pages should be individually marked confidential or proprietary.

At the time of the opening of proposals each Proposer shall be presumed to have read and be thoroughly familiar with the RFP and proposal requirements (including all Addenda).

Be advised that all information contained in proposals submitted in response to this solicitation may be subject to the California Public Records Act (Government Code Section 6250 et seq.), and information's use and disclosure are governed by this Act.

SECTION III – SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

A. Project coordination:

1. Project kick-off meeting with District.
2. Monthly coordination meetings with District.
3. Weekly project updates via email and/or telephone to discuss budget, schedule and project issues.
4. Coordination meeting with other project stake holders and agencies.
5. Monthly report summarizing project budget and schedule. Provide one (1) hard copy and one (1) electronic copy (smart pdf).
6. Presentations to District staff at the 50%, 90% and 100% design phases to discuss the project, construction schedule, costs and constraints.

B. Well site evaluation:

Proposer shall review suitability of proposed well sites for intended use including access for drilling, laydown, and testing. The Proposer shall identify the need for sound attention. The location of said well sites is as follows:

1. Well No. 30 is proposed to be located in the southeast corner of the Noble Creek Regional Park approximately 450 feet north of Oak Valley Parkway (see site map displayed on Figure 2 in Attachment 2).
2. Well No. 31 is proposed to be located in the Pardee Sundance Site (Tract No. 31469-1 and Tract No. 31469), on the south-west corner of the Alpine Avenue and Starlight Avenue intersection (see site map displayed on Figure 3 in Attachment 2).

C. Environmental:

The Proposer shall identify any permit requirements that will be required for the project and submit permit applications on the District's behalf to the permitting agency. Consultant shall incorporate comments from the Agencies and revise the contract Documents as necessary. Anticipated permits that the Proposer shall obtain for construction of the two (2) District wells may include the following:

1. California Environmental Quality Act (CEQA) – District Staff identifies that a Mitigated Negative Declaration (MND) and an Initial Study is required and that said MND and associated Initial Study shall be prepared and filed by the proposer.
2. Air Quality Management District (AQMD).
3. City of Beaumont – Public property encroachment permit.

4. Drilling permit for Riverside County Division of Drinking Water.

D. Preparation of well drilling specification:

1. Preparation of contract documents:

- a. The Proposer shall prepare Contract Bid Documents consisting of specifications and associated information necessary for the construction of District Well Nos. 30 and 31.
- b. Contract documents shall be prepared in accordance with BCVWD and regulatory agency requirements. The Proposer shall utilize the District's existing "front-end" bidding documents and supplement the District's existing technical specifications as required. Specifications shall include the District's current technical provisions.
- c. The Proposer shall submit contract documents to SWRCB DDW and Riverside County Department of Environmental Health for review at the 90% design level. Comments from all jurisdictional agencies shall be addressed and/or incorporated into the 100% design submittal.
- d. The Proposer shall submit three (3) sets of the specifications and two (2) sets of the construction cost estimate and calculations at the 50%, 90% and 100% design levels and additional sets to other agencies as required. Also, one (1) electronic copy of all documents shall be submitted along with the required hard copies at each design level. Comments from the 100% design submittal shall be incorporated into the final design submittal consisting of one set of specifications and associated figures and/or plans signed by a licensed hydrogeologist or civil engineer. One (1) set of the final cost estimate, calculations and design and specification files shall also be provided electronically (AutoCAD, smart pdf, word, excel, and original formats on CD) to the District.

E. Services during bidding:

The Proposer shall perform the following services during bidding:

1. The Proposer shall attend the construction pre-bid meeting and provide technical support to District staff relative to immediate contractor questions.
2. Respond to any questions from the contractor during the bidding period.
3. Be present at bid opening, tabulate bids, evaluate bids and provide a recommendation for award.

F. Support services for construction:

1. The Proposer shall assist the Contractor with questions relative to Bid Documents and specifications.

2. The Proposer shall support the District in accordance with specifications during construction.
3. Prepare up to two (2) addenda which will be distributed by the District.

G. Field technical support:

Provide hydrogeological field technician support for well drilling activities including;

1. Formation sampling and logging.
2. Well bore hole and ream hole electronic logs and caliper and deviation logs observation.
3. Well casing installation and gravel packing.
4. Well disinfection activities.
5. Well mechanical development observation.
6. Well video observation and comments.
7. Well development and test pumping.

H. Additional Information:

The District shall not be liable for any pre-contractual expense incurred by the Proposer. The Proposer shall have and maintain throughout the contract period, insurance as required by the sample agreement attached acceptable to the District.

The District reserves the right to withdraw this Request for Proposal at any time and makes no representations to this Request for Proposal. The District reserves the right to postpone consideration of the proposals and to reject any and all proposals without indicating any reasons therefore.
