Beaumont-Cherry Valley Water District
560 Magnolia Avenue, Beaumont, CA 92223

NOTICE IS HEREBY GIVEN that the Beaumont-Cherry Valley Water District (BCVWD) is considering increasing water connection fees and miscellaneous fees, and amendments to Part 5 of the District's Regulations Governing Water Service.

Reason for proposed fees and charges and basis for charges

BCVWD is committed to providing safe and reliable water services in a cost-effective manner while protecting water resources and the public's health. Operational costs have increased, and the District must increase fees and charges to assure that they cover customer-imposed costs. The purpose of these fees and charges is to charge customers for the cost of the facilities and labor required to provide services, and no proposed fee exceeds the estimated full cost of rendering the service. This will allow BCVWD to continue to provide safe, clean and reliable water to its customers.

The proposed increases are the result of a detailed analysis and an independent professional Miscellaneous Fees Study prepared to determine the appropriateness of the proposed fees and charges. Upon request, a copy of the Miscellaneous Fees Study may be obtained at the District's Administrative Office located at 560 Magnolia Avenue, Beaumont, California, 92223 or by visiting the District website at www.bcvwd.org.

If adopted, the increased fees will become effective beginning January 1, 2023.

At the date, time and location specified above, the Board of Directors will conduct a Public Hearing to consider the proposed increases to fees and charges. The Public Hearing will be for hearing oral public testimony and receiving written comments. The Board may continue the hearing without further written notice. To be included in the Public Hearing, any written comment must be received by BCVWD not later than the end of the Public Hearing.
